04/05/2022

FAO Stourport Town Council,

As per previous years we have written to you asking for a contribution towards maintaining the town website and promoting activities and events in the town. You have very kindly supported us in recent years with contributions in the region of £3000. I am therefore writing to you to ask if there are any funding streams available for this financial year to enable us to carry on with the important work that we do here at Stourport Forward in promoting the town? As you are aware, we are a not-for-profit organisation who relies on donations in order to reinvest any funds received into future projects which benefit the town and its communities. Any monies contributed would be greatly received.

I look forward to hearing from you soon.

Best wishes

Gill Edwards

**Projects & Admin Officer**
