

Have Your Say

Worcestershire Waste Plan

We're creating a new planning policy document: the Worcestershire Waste Plan.

We're still at a very early stage and there's no draft plan yet, but we've published detailed evidence on our website. We want to know your views on this and on our approach to plan-making.

How can you get involved?

A questionnaire is available online, or you can print it and send it by email or post.

The consultation runs from
25 February 2026 to 15 April 2026.
